

SALE OF 11 COWS RESULTS IN A SUIT BEING PUT ON FILE

Claim is Made That Defendant Wanted \$400 Additional

1 EJECTMENT ACTION

William J. Smith, Hilltown, Files Appeal To Decision of Justice

DOYLESTOWN, Feb. 8.—The sale of 11 Guernsey cows in Bedminster township, another in which a Richlandtown woman has begun an ejectment, and another in which a Hilltown township man is being sued for renovations to his home, have been filed in the Court of Common Pleas, here.

Claiming \$400, with interest from May 15, 1948, Benjamin R. Scholl, Perkasee R. D. 1, has named another Bedminster township dairyman, George C. Brauer, Perkasee, RD 1, the defendant in an action in trespass.

The plaintiff sold 11 Guernsey cows to the defendant May 15, 1948, for \$2800. The plaintiff, after receiving papers from the American Guernsey Cattle Club, on November 1, 1948, tendered the papers to the defendant and asked for \$400 additional. The sum of \$2800 for the cows was paid between May 15 and June 23, 1948.

Lizzie Rebecca Kister Weaver Riegel, Richlandtown, has named Wilmer Weaver Riegel, of the same place, the defendant in an ejectment action. The plaintiff, in a statement filed in the Prothonotary's Office, alleges that Dr. Milton H. Weaver died Sept. 29, 1932, and through his death the widow, Matilda S. Weaver, became the heir of the property.

The plaintiff, and adopted daughter, states that Matilda Weaver died Dec. 13, 1943, leaving the plaintiff a life estate in the property.

The plaintiff claims a rental of \$12 a month since Dec. 13, 1943, for the Richlandtown property, and \$8 a month for the detention of a property in Springfield township, known as the "Gruversville Farm," from the same date. Dr. Weaver's will was written Jan. 18, 1916, but the defendant has been residing at the Richlandtown property since

A SUMMARY OF THE NEWS

The House, 356 to 9, approved yesterday a bill granting the President permanent broad powers to initiate administrative reforms, subject to Congressional veto. The Hoover Commission, reporting to Congress, said such reorganization would greatly increase efficiency and result in large savings.

Presidential authority to seize plants involved in strikes creating a national emergency was recommended by William H. Davis in presenting to a Senate committee a four-point program for dealing with such walkouts. The former War Labor Board head said that injunctions were no safeguard against such strikes and Congress should provide broad Presidential powers for use in emergencies.

Housing Expediter Woods warned a House committee that unless Federal controls were extended and strengthened, rents would rise 50 to 60 per cent. Democratic leaders kept their forces in the Senate in line and defeated, 56 to 31, a Republican move to force immediate action on moves to prevent filibustering.

Administration bills were introduced in Congress to authorize the RCA to spend \$5,430,000,000 in the fifteen months from April 4. This is less than the estimates by European countries of their needs.

4 Boys Charged with Sending False Alarm

Four boys, each 12 years old, stood before Justice of Peace, Edward Lynn, last night, charged with sending in a false fire alarm from Box 12, Mill and Radcliffe streets.

The youngsters said that they were playing tag at the street intersection and that the last boy to touch the pole on which the fire alarm box is located was a "rotten egg."

One of the group not only tagged the pole but pulled the alarm as well. Evidently there had been some discussion about sending in the alarm as one boy, a Boy Scout, is reported to have cautioned against sending in the call.

Justice Lynn ordered the boys to report to Chief of Police, Linford J. Jones, each week; and to have a letter from their teachers that they are behaving in school.

TAX RATE INCREASED FOR HULMEVILLE BORO'

Raised from 9½ to 12 Mills; Budget Outlined At February Meeting

STREET ORDINANCE

HULMEVILLE, Feb. 8.—The Hulmeville borough tax rate was set at 12 mills last evening, an increase of 2½ mills over that for 1948. This action was taken at the February meeting, held in the town hall. The budget, which was outlined, will be made public this week.

The highway committee reported that an ordinance has been prepared for formal acceptance of three streets—Ford, Reetz and Lincoln. Letter from State Senator Edward B. Watson was read, this being in answer to a query from council as to possibility of having the State Highway Department accept and fully maintain Hulme street. In previous correspondence with the state highway department, proposal on the part of the local council was rejected. Senator Watson informed in his letter that there is no plan at present on the part of the district engineer for the state to accept the street, but that the matter will be held in abeyance until spring, at which time a representative of the state department will be asked to inspect Hulme street.

Four councilmen expressed expectations of attending the February 15th session of Bucks County Association of Boroughs, to be held at Perkasee.

Request was received from Pennell Recreation Center for donation to the planned recreation park in that community. No action was taken.

One street light was reported out during the past month.

NEW LEGISLATION TO CHANGE WAY OF LIFE

Countless People Will Be Affected Through Passage of Bills

FURTHER REGULATION

By John Harns
L. N. S. Staff Correspondent
HARRISBURG, Feb. 8.—(INS)—There'll be some changes made in the average citizen's way of life if 258 General Assemblymen have their way.

A survey of the 437 bills before the Legislature—170 in the Senate and 267 in the House—revealed more than a third called for further regulation of lives, work and pleasure. More undoubtedly will follow.

Measures ranging from the peccolite fumigation of taxicabs to the creation of a Pennsylvania Fair Employment Practices Commission held the attention of the 21 standing Senate committees and 32 House study groups.

Legislators in both Houses fulfilled their promises of strengthening State Liquor laws.

Liquor bills would include clubs in the license quota, permit television sets in taprooms without licenses, boost the number of rooms in hotels to qualify for hotel retail permits, provide for appeals to the Superior Court from Liquor Board refusal to transfer licenses and permit veterans organizations to obtain licenses without some of the usual prior obligations.

A number of legislators expressed their dissatisfaction with the present laws regulating the operation of automobiles. The first year young

Sup't of Bristol Schools, W. P. Snyder, Tells of Harrisburg Sessions

"NO COMMITMENTS"

Returning from the Harrisburg convention conducted annually by the Penna. State School Directors Association, combined in part with the convention of school board secretaries, Warren P. Snyder, superintendent of Bristol public schools, and Mrs. W. H. Almond, Bristol school director, have addresses of many outstanding individuals to consider and pertinent points in the talks to "digest."

Superintendent Snyder today stated that he felt directors and educators went to the state capital with many problems on their minds, most of them along the lines of those listed on the convention program. "No definite commitments were made in any sessions, except that Governor James Duff kept to the policy he has always maintained," states Mr. Snyder. The Governor of Pennsylvania, who spoke Thursday evening, stressed his belief that local districts must assume their share of responsibility in supporting the schools, Mr. Snyder recounted.

The sessions on Thursday and Friday were largely attended, with delegates from all parts of the state. On Thursday there were combined

ONE MAN'S OPINION

By Walter Kiernan
(Distributed by International News Service)

It must be conceded Mr. Truman did all he could for Stalin. He offered to get the spare room ready and that's more than he did for Dewey.

Incidentally New Yorkers resent Dewey's proposal of 49 per cent higher tax . . . they feel this is too high a penalty tax for not sending him to Washington.

But at least we've got 16 million women gainfully employed in the nation today which means that taxes are being paid in the makeup of some mighty pretty brows.

John Lewis' taxes are up this year. . . like Mr. Truman he was so unfortunate as to get a salary increase.

Mr. Lewis has just been announced as the winner of the December election of the United Mine Workers. It took a little time to count the ballots but the result was never in doubt.

The final vote was Lewis 286,000, public opinion 0.

CHINA COMPLETE LOSS

Efforts to prevent all of China from becoming a Communist nation appear hopeless. A strong and functioning South China, capable of resisting the Communists after they have moved into Nanking, could rule half of that country and prevent all of the population falling under Communist domination.

The territory affected would be approximately half the area of the United States and would include a population of 200,000,000. In that event the United States would retain some contact with China. It is unbelievable that there could be diplomatic relations with a nation entirely Communist.

But the Reds are determined to rule all of China and will not be content with a nation half anti-Communist. They demand total surrender of national forces and "punishment" of national leaders as war criminals.

While an anti-Communist regime in South China may be agreeable to this country as a means of salvaging something out of the Chinese debacle, it can be realized only if Washington is willing to continue aid to those who are resisting the spread of Communism, with the outcome in doubt.

In the end it will probably be necessary to write China off as a complete loss, in spite of this country's expensive—if half-hearted—efforts in the past to save the situation.

UNBELIEVABLE

After a study of human development, Dr. Charles W. Goff, noted anthropologist, predicts that 5,000 years from now man will have four fewer teeth, flatter face, larger head and shorter stature. He knows infinitely more about such things than most persons. But that reference to "shorter stature" should be explained. Certainly young people today are taller than those of a few years ago. When will this trend be reversed, and why?

And many persons will be unable to go along with him in his further statement that the 70th century man will be guided more by his brains and less by his emotions than is the case today. All signs point exactly the other way. Going on at his present rate and in the present direction, man will be lucky to have any brains at all in 5,000 years.

Predicting what man will look like, or how he will live, 5,000 years from now is as difficult as such a prophecy as to the present would have been 5,000 years ago. Man is a resourceful creature. He will hang on somehow, come atomic bombs or high water, but he will continue to improvise as he goes along.

But predictions such as those of Dr. Goff serve the twin purposes of stirring man to thought of his future, and getting the learned professor's name in the paper.

It remains to be seen whether the Communist slogan, "Down with capitalism," will provide more rice for the Chinese.

New Legislation To Change Way of Life

people could obtain drivers permits in their own right would be moved up to 18 and as high as 21. Other bills called for drivers' tests every five years, examinations after reportable accidents, and operation of a vehicle without license in an accident as legal evidence for damages.

The list of labor regulatory legislation was topped by several bills proposing the creation of a Fair Employment Practices Commission, and both Republicans and Democrats had a hand in sponsorship. Compensation was certain to receive revisions upward, according to committee chairman of both Houses.

Other labor legislation would repeal laws prohibiting pay discrimination because of sex, and repeal an act prohibiting strikes by public employees.

Children received considerable early attention from the solons. One bill would provide legal status for children of artificially inseminated wives. Others would create clinics to study juvenile delinquents, prohibit youngsters under 16 from operating motor boats, inaugurate a curfew for children under 16 in amusement places and implement Gov. James H. Duff's plan for an underprivileged children's camp at Indiantown Gap Military Reservation.

Legislators showed keen interest in food Pennsylvanians consume.

A bill to further regulate and impose \$100 fines for violation of Pure Food Laws governing the sale of oysters provided the first lengthy debate in the House and the elimination of the law requiring prohibition of oleomargarine promised to further split the Legislature. Other food bills included measures to regulate the storage of meat, the sale of non-alcoholic drinks, the sale of eggs, and to set up standard enrichment contents of bread.

Other measures would require licenses for practical nurses and chiropractors; regulate lobbyists, plumbers and plumbers, industrial smokers; prohibit income taxing by political subdivisions and wage taxes of workers living outside of their working district; further regulate hunting; and outlaw television in automobiles.

meetings of directors and secretaries of school boards; with Friday sessions operated solely by the directors. Preliminary meetings of committees were held Thursday morning and the first general session Thursday afternoon. At the latter Dr. Francis B. Haas, superintendent of public instruction, State of Pennsylvania, spoke. Following Mr. Haas' address the convention broke up into four group meetings as follows: 1. secretaries and directors of 1st and 2nd class districts; 2. secretaries and directors of 3rd class districts (including Bristol); 3. secretaries and directors of 4th class districts; 4. county board members and county superintendents. Each group had similar types of problems discussed, they being in general: equalization of assessments; levy of tax by school boards under the new Act 481; erection of school buildings by the State School Building Authority; problems confronting school directors; types of county plans for larger attendance areas. These sessions were presided over by those who are authorities in their particular fields.

A band from Hazleton and a chorus from Clark Summit provided musical entertainment Thursday evening at the session at which Gov. Duff spoke. Also sharing the program was Walter D. Head, author, educator, and commentator. His subject was "Is it possible to educate for democracy?"

On Friday morning addresses were delivered by the following: Executive director for the State Public School Building Authority, Russell C. Bartman; "Findings of the State Tax Equalization Board," by chairman of the board, John M. O'Neill; "This Changing World," by a feature broadcaster of the American Broadcasting Co., Harrison Wood. In the afternoon an exchange teacher from England spoke; as did also Dr. Paul H. Wuehler, associate director in charge of research and statistics of the Joint State Government Commission.

SMART, NEW STYLING OF TRADITIONAL CAPE COD DESIGN

● One of the most practical architectural styles is Cape Cod. Here you see a modern version. The first floor offers complete living quarters for a small family. When the second floor is finished you have a three-bedroom home with two baths.

This design is the latest addition to the scores of architect-planned homes in our Weyer-

hauser 4-Square Home Building Service. Like all the others, it has been engineered for strong, enduring construction, employing the maximum of ready-to-use materials.

Come in...examine all the designs in the Service. Your time will be profitably spent and result in securing greater home value from every building dollar.

51,500 Dog Owners Have Not Secured Licenses

Dog owners in Bucks County are rather slow in applying for 1949 dog licenses, according to figures obtained at the office of the county treasurer, Elwood Britton, in Doylestown. Thus far, only 3,569 licenses have been issued for this year. Last year the number of licenses issued totalled 15,000. This leaves approximately 11,500 unlicensed dogs in Bucks County as of February 1st.

January 15th was the dead-line for owners to obtain licenses. Thus, the dogs of owners who have not obtained licenses for them, are liable to be picked up at any time by representatives of the state, and their owners fined.

Licenses can still be obtained in the usual manner.

In Memoriam

MILLER—Walter W. In loving memory of our dear Grandfather, who passed away February 8, 1949. A precious one from us is gone.

A voice we loved is missing. A spot vacant in our hearts. We think of him in silence. No one may say we've forgot him. But many silent tears are shed. When others are fast asleep. A wonderful Dad and Grandpa so true. The dearest and best pal we ever knew.

Always so cheerful, loving and kind. How sweet the memories you left behind.

WARRIORS OUT TO GET REVENGE ON ALUMNI QUINTET

The Bristol High Warriors will be after revenge tonight on the local court as it meets the Alumni quintet for the second time this season. In the preliminary game at 7:30 o'clock, the Bristol Junior Varsity meets the Newtown Comets.

Early in December, the Warriors suffered their first defeat of the season at the hands of the Alumni aggregation, made up of but five players. The defeat was stinging and left heavy to the Bristol players.

The Warriors are all keyed up for the fracas and are out to show the graduates that their first victory was a mistake and they caught the high school boys on an off-night.

But Manager Stan Lelinski of the Alumni has different ideas on the subject. He is out to beat the Red and Gray again and has rounded up such players as "Bill" Wallick, "Easy" Mama, Horace Saxton, "Howie" Keys, "Reds" Peole, Joe Natale, and Dave Morrell. There is also a possibility that "Johnny" Zandar will be able to join the graduate group.

Coach Jerry Bloom will most likely start "Jim" Sottile, "Ham" Konefal, Don DeLong, Jim Marshall and Val Bielecki.

Coach Harry McClester's Junior Varsity team is anxious to get back into the win column by beating the Comets. The latter team is composed of students of Council Rock High School.

Pat Fields, Charles Rauch, "Al" Spadaccino, Embiscuso and DeVito will make up McClester's starting five.

Twilight Softball League Organizes for Season

At a meeting held Friday evening at Auto Boys, the Bristol Softball Twilight League organized for the season. The following teams are to participate:

Tullytown A. C., Jefferson A. C., No. 1 Fire Company, Second Ward A. C., Franklin A. C., Auto Boys.

Two, three or perhaps four more teams will be added to this list for the season. Many matters of importance were discussed and decided upon.

The next meeting of the league has been set for next Monday, Feb. 14th, at 7:30 p. m., at the Auto Boys television room.

Any other teams interested in joining the league are asked to have a representative present at this next meeting.

An event anxiously awaited by Bristol high pupils this month is the Junior "hop", which will take place Saturday evening next from nine o'clock until midnight. The dance theme will be about Valentine's day. A ten-piece orchestra will provide music for this informal affair. Chairman of the dance is James Morrell; with Shirley Mount aiding him in decoration plans.

"Making Homemakers for Tomorrow" is the title of an attractive pamphlet issued by the Philadelphia Electric Company, and featuring in part the modernized home economics department of Bristol high school.

By means of photographs, of the "before" and "after" type, the transformation made at Bristol high school last summer is shown. Some local students appear in the pictures which are featured.

cure from Ferdinand Reetz contract covering collection of garbage in the borough. Complaint of cesspool overflowing in Lincoln avenue area is to be referred to a representative of the state health department.

William Fell, Doylestown, a state engineer, has expressed willingness, the secretary informed, to draw up any specifications for highway work within the borough. Council arranged for notification to be given individuals planning street improvements at their own expense to first secure proper grades.

The matter of naming a deputy constable was referred to the police committee, members of which will interview possible candidate within a few days. Special work which may be designated is better control of traffic past the local school.

Letter received from councilman Ned Moyer, who was unable to attend the session, expressed his views on any tax increases or reassessments, and other matters of interest at the present time.

Complaint regarding dumping of garbage over the Neshauney Creek embankment on Water street was received, and residents in that area are to be requested to help guard against such conditions. Garbage collections are made periodically within the borough limits.

Councilmen present were: President, Samuel J. Hilck, George Bilger, Edward Vansant, Harry Beck, and Fred Bunting. Secretary, Mrs. Edward Black, was in charge of records. Also present were Burgess Leon R. Comly and Constable Orville Morris.

the death of the widow Dec. 13, 1943.

Following the decision of a judgment in favor of the plaintiff, G. L. Janke, Lansdale, by Justice of the Peace Andrew H. Dillman, of Newtown, an appeal has been filed by William J. Smith, Hiltown Pike and Route 152. The appeal grows out of a dispute concerning rejoining of a bedroom floor in the defendant's home July 23, 1947, for \$100. Justice of the Peace Dillman, after hearing the evidence, ruled in favor of the Lansdale complainant on Nov. 29, 1948, allowing him the sum of \$100 with interest from July 23, 1947.
